Promoting youth entrepreneurship to foster NEETs social & work inclusion, using digital youth work and collaborative techniques

Erasmus+ - KA205

Strategic Partnerships for youth

Start: 15/04/2020 End: 14/02/2022

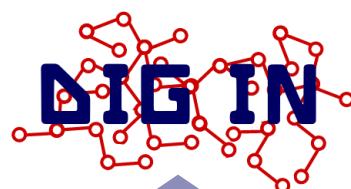

Co-funded by the
Erasmus+ Programme
of the European Union

About the Project

• • • • • • • • • • • • • • •

The project will offer new tools for NEETs outreach and engagement (via ICT & digital mentoring) and personal development (using collaborative learning and networking) to increase their possibility for employment and social inclusion. DIGIN proposes a programme that addresses the personal development of NEET.

Focusing especially on building their motivation for participating in society and contributing to the labour market, increasing their confidence as citizens, while enhancing employability skills using entrepreneurship as an activator for understanding new ICT based strategies to get in touch with others.

Co-funded by the
Erasmus+ Programme
of the European Union

The consortium will capitalize on the capacity and skills offered by the 6 partners to create tools and products that can be easily used by a variety of actors. Considering the increasing importance of ICT in the global market and the employment opportunities connected to it, increasing ICT literacy and entrepreneurial mind-sets are widespread objectives in the EU28, thus the root-based initiative like this one can offer a good starting point for the improvement of the learning provision.

Objectives

• • • • • • • • • • •

a) Offer a new OUTREACH strategy that make use of ICT and new media to increase NGOs and youth associations' ability to reach, engage and motivate NEETs

b) Prepare a COLLABORATIVE LEARNING space where NEETs can create new opportunities for themselves and connecting with peers, while enhancing their employability and entrepreneurial skills

Outcomes

• • • • • • • • • • •

- Create multilingual materials and tools aimed at preparing educators from the partners organization to offer them solid background knowledge on digital youth work
- Create the DIG IN program used to empower and increase youth all around skills and assess it with experts from key stakeholders
- Pilot the DIG IN method and tools during 4 testing programs, organized with the trained organized with the trained educators and aimed fostering soial and work inclusion of young neets coming from targeted communities
- Organize 4 multiply events aiming at offer the program to other 100 organizations thus ensuring the exploitation and sustainability of the results of the project in the long period
