

KA205 - Strategic Partnerships for youth

Cooperation for innovation and the exchange of good practices

DIG IN Promoting youth entrepreneurship to foster NEETs social & work inclusion, using digital youth work and collaborative techniques

Project

DIG IN strategic partnership will offer new tools for NEETs outreach and engagement (via ICT & digital mentoring) and personal development (using collaborative learning and networking) to increase their possibility for employment and social inclusion. Our project proposes a programme that addresses the personal development of NEET, focusing especially on building their motivation for participating in society and contributing to the labour market, increasing their confidence as citizens, while enhancing employability skills using entrepreneurship as an activator for interest and using new ICT based strategies to get in touch with others

Co-funded by the
Erasmus+ Programme
of the European Union

Project Objectives

- Offer a new OUTREACH strategy that makes use of ICT and new media to increase NGOs and youth associations' ability to reach, engage and motivate NEETs
- Prepare a COLLABORATIVE LEARNING space where NEETs can create new opportunities for themselves and connecting with peers while enhancing their employability and entrepreneurial skills.

OUTPUTS:
